

Stellenausschreibung für die Berufsbörse des Hansenberg Alumni e.V.

Name/Titel der ausgeschriebenen Stelle

PhD, PostDoc and HiWi Positions in Software Engineering and Programming Languages
Bachelor and Master Theses supervision available

Kurzvorstellung des Unternehmens

The Programming Group is part of the Institute of Computer Science (ICS) at the University of St. Gallen (HSG) and has a branch at the Technical University of Darmstadt. We enjoy working on Programming Languages and Software Engineering, including languages and architectures for Distributed Systems, Reactive Programming, DevOps Organizations, and Secure Software Systems. <https://programming-group.com/>

Beschreibung der ausgeschriebenen Stelle

Typical PhD/PostDoc/HiWi duties: assistance, teaching, and – first and foremost – driving research.

Art der Anstellung und Standort der ausgeschriebenen Stelle

We currently have open HiWi, PhD and PostDoc positions at the University of St. Gallen. On demand, we can also offer positions at the Technical University of Darmstadt in cooperation with the Software Technology Group. At both Universities we also supervise Bachelor and Master Theses on topics that are related to our research.

Gesuchtes Profil des/der Kandidaten/in

You are a talented student of computer science and interested in first-tier research on Software Engineering and Programming Languages. Hard requirements: HiWi – none; PhD – Master in Computer Science or related field; PostDoc – PhD in Computer Science or related field.

Kontaktinformationen des/der Ausschreibenden

You can either directly contact Prof. Dr. Guido Salvaneschi (guido.salvaneschi@unisg.ch) or Hansenberg Alumnus Daniel Sokolowski (Daniel.sokolowski@unisg.ch).
